Dear Sirs,

**Sub: Disclosure under Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015 – Acquisition of Radisys Corporation.**

---

Reliance Industries Limited ("RIL" or "the Company"), has today entered into a definitive agreement to acquire 100% of Radisys Corporation (NASDAQ: RSYS) through a wholly owned subsidiary set up in U.S. for cash consideration aggregating to approximately USD 75 million equity value, based on current outstanding and dilutive equity share impact.

RSYS is a global leader of open telecom platform solutions incorporated in the State of Oregon, U.S.A in March 1987.

RSYS provides open-centric software, hardware and service capabilities that enable the migration to next-generation network topologies.

RSYS reported annual turnover is USD ~133.77 million, USD ~212.4 million, USD ~184.6 million in CY 2017, CY 2016 and CY 2015 respectively.

The aforesaid investment has potential synergies with the current investments in digital communication and services framework which is architected around 'network as a platform service'. This will also help in fostering world class innovation efforts through access to high quality engineering talent.

The transaction is subject to statutory / regulatory approvals, including approval from the committee for foreign investment in US, and shareholders of RSYS and is

expected to be completed in 3 to 6 months' time frame. The investment does not fall within related party transactions and none of RIL's promoter / promoter group / group companies have any interest in RSYS.

Thanking you,

Yours faithfully,  
For **Reliance Industries Limited**
