Dear Sirs,

Sub: News Verification

As regards your e-mail re. "Fire at Reliance rubber plant in Vadodara, three dead" and "Fire accident at Reliance's PBR plant in Baroda, 3 workers died" Source: www.indianexpress.com and Gujarat Samachar - November 29, 2018 and November 30, 2018 respectively, we would like to inform that in an unfortunate incident Thursday morning, a fire broke out in PBR2 plant of the Vadodara complex.

The fire was restricted to one section of the plant and timely action by Reliance firefighting team helped in quickly extinguishing the fire.

Unfortunately, three contract workers who were injured latter succumbed to injuries, despite the best efforts of the medical team. Our prayers and sympathies are with their families in their time of grief and will support the family to overcome their personal tragedy.

While an investigation will be conducted to ascertain the reasons of the fire, the rest of the complex is continuing with normal operations.

Thanking you,

Yours faithfully,
For Reliance Industries Limited
